

RISE™ Sit on it. Lounge across it. Lean against it. Stack stuff on it. Bounce ideas around it. This tiered modular stadium seating is a surprisingly natural and comfortable way to assemble a small or large group without taking over an entire room. It's no wonder better ideas are on the Rise.

Allsteel®

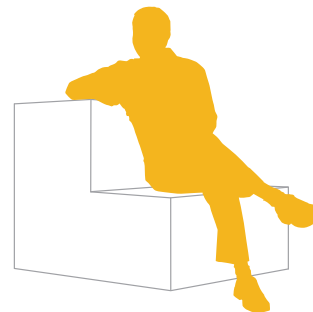

Optional tray provides a place to steady a drink and acts as a firm writing surface.

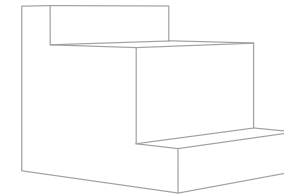

RISE Take collaboration to a new level.

Rise multi-level soft seating is an ingenious solution for gathering people in a small space or creating a meeting space with a single grouping of furniture. Rise accommodates the postures that people naturally take when coming together to talk, listen, share, or brainstorm. It instantly makes spaces more productive, more comfortable, and more relevant.

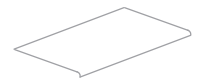

Available in two-tier or three-tier designs, Rise offers an extremely simple form that can create a variety of different landscapes. Use Rise to anchor your busiest collaborative spaces, whether it's a conference room, atrium, or lounge. Move them around. Align them side-by-side against the wall or back-to-back.

Two-Tier 34"H x 36"W x 40"D
Top and Bottom Tiers 17"H x 20"D

Three-Tier 34"H x 36"W x 40"D
Top Tier 8½"H x 10"D
Middle Tier 16"H x 18"D
Bottom Tier 9½"H x 12"D

Tray 15¾"W x 10"D

Use back-to-back or side-by-side against a wall in atriums, open-plan areas, brainstorming/huddle rooms, conference rooms, cafés, waiting areas, and lounges.

HEDGE™

Hedge was created in response to the way people naturally interact. They run into each other in the hall and stop to talk. It's impromptu. It's relaxed. Like a modern-day water cooler, Hedge is where conversations happen and work gets done.

Allsteel®

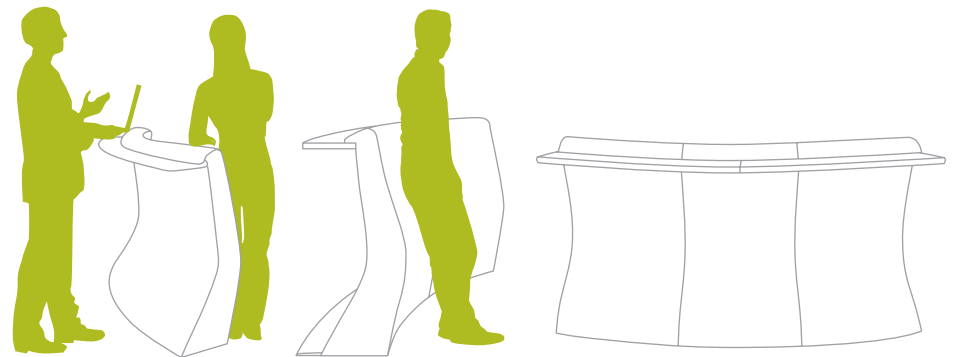

Walk up to Hedge and pause and relax, or instantly go to work.

HEDGE It's space division you can lean on, lounge against, and work from.

You've likely never seen anything like Hedge before. But the postures it accommodates are quite familiar. This multi-functional, two-sided design invites numerous interactions, from settling in and leaning back, to standing and leaning forward. A built-in shelf provides a convenient work area or place for a coffee cup. And it's a natural for creating layered areas, where several people can sit in front while others gather around the back. With the optional freestanding base, it can be relocated to define meeting areas without the expense or permanency of drywall.

Hedge's surprising organic shape encourages collaboration from every angle and fits beautifully into a variety of meeting spaces, including open-plan worksettings, cafés, or waiting areas. It's unique, yet people intuitively know how to use it. Available in single, double, or triple units, it can serve a multitude of small, impromptu meetings, or larger gatherings simply by adding seating in the front or back.

Floor-Anchored

- Single** 48"H x 32"W x 24"D
- Double** 48"H x 63"W x 26¼"D
- Triple** 48"H x 93½"W x 30¾"D

Tablet Depth 10"

Tablet Height 45½"

With Base

- Not available
- 48"H x 65"W x 29¼"D
- 48"H x 95½"W x 33½"D

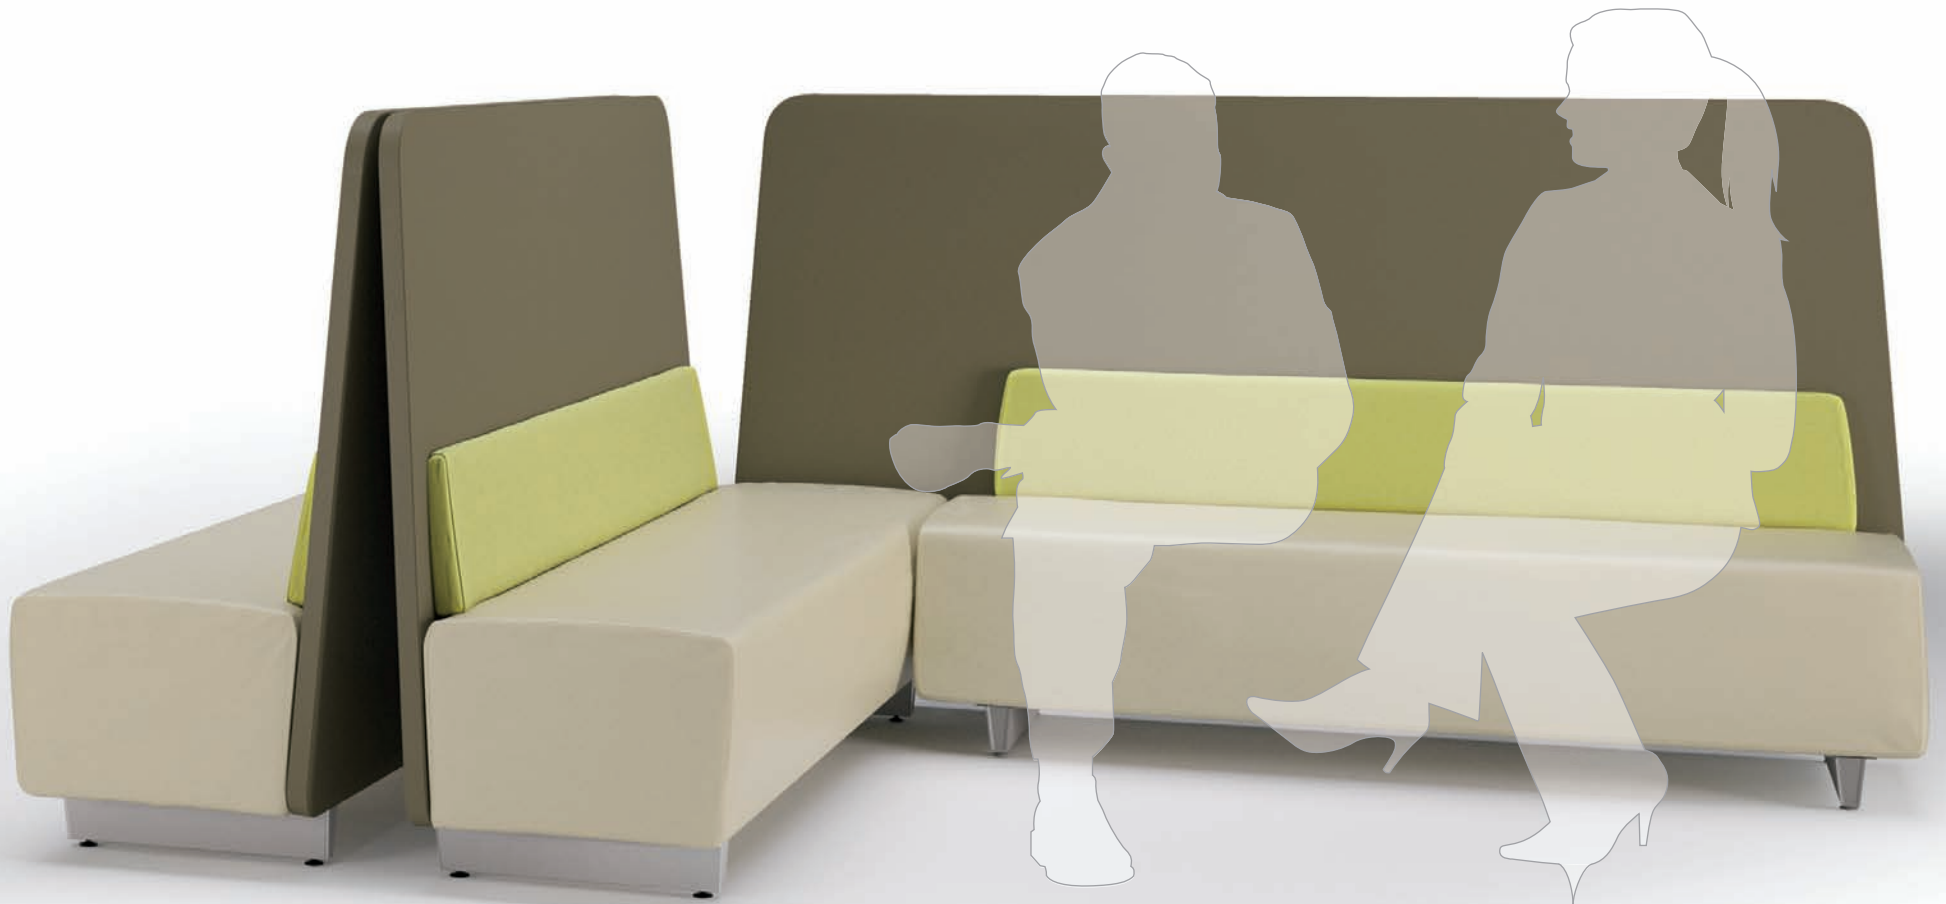

Divide space in atriums, open-plan areas, dedicated collaboration rooms, back row of conference rooms, cafés or coffee bars, and waiting areas.

MIND-SHARE™

There's more than one way to Gather. And that's the beauty of the modular Mind-Share. Create one-, two-, or three-sided micro-environments. From open and inviting to visible yet private, it's comfortable and flexible so you're free to design spaces that allow people to share thoughts and ideas.

Allsteel®

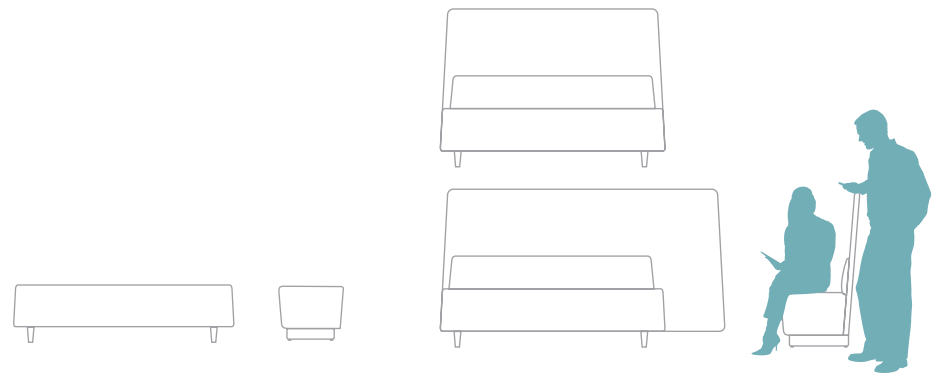

Canted back allows comfort with a minimal 6-inch gap between units when used back-to-back.

MIND-SHARE A bench. A screen. A micro-environment. It's whatever you need it to be.

Simple elements come together to create a vast array of versatile meeting space options. Choose screens in varying lengths. Match them with corresponding benches to create café booths, banquettes, or even semi-private mini-rooms. Say goodbye to inflexible millwork options and use Mind-Share to efficiently redefine spaces. Segment large rooms. And design unique areas where people can meet, work, talk, and get things done. Benches can also be used without the screen for seating in open or enclosed spaces.

The soft angles and classic form offer comfort, while a range of upholstery options allows you to make a statement or be understated. The simple lines of Mind-Share work seamlessly with other pieces within the Gather collection for a cohesive and complementary appeal.

Bench 18"H x 52"W x 19"D
18"H x 60"W x 19"D
18"H x 72"W x 19"D

Bench with Screen 52"W bench with 52" or 72"W screen
60"W bench with 60" or 80"W screen
72"W bench with 72" or 92"W screen
50"H x 25"D overall (seat height is 18" with 10" bolster)

Use as booths, micro-environments, or bench seating in cafés, lobbies, open-plan areas, atrium spaces, and reception areas.

VIEW™ Instead of searching for a room that has the right tools, now the right tools can come to you. View makes meetings more mobile than ever, thanks to a movable electronic display/marker board cabinet. It supports technology wherever you need it, so better thinking is in View.

Allsteel®

Slide open top to access convenient storage and power and data.

VIEW It's easy to create a room with a View.

Improve the dynamics of a meeting space by adding View, a double-sided mobile storage credenza that features a space for a video display on one side and a marker board on the other. It efficiently divides an open-space work area while providing technology support without tying you to a specific technology platform.

View multi-tasks as well as you, creating a solution for viewing presentations, watching videos, searching the Web, or capturing notes from a team brainstorm, while doors keep everything tucked away and out of sight. Plus, the top slides open to reveal an easy-access compartment for storing remote controls, markers, and other office tools or accessing power. The credenza without media offers ample storage space for electronics and supplies. Add pull-out bins to the credenza and you have a mobile recycling center.

Credenza 27"H x 48"W x 22"D

Credenza with Media Panel 64"H x 48"W x 22"D

Media panel accommodates up to 42" monitor (not included).

Options include pull-out bin, large and small shelves, and electrical/data capability (HDMI and VGA).

Pull into open-plan meeting spaces, large or small enclosed rooms, library spaces, atrium areas, and faculty offices.

SCOOCH™ Scooch gives new meaning to the idea of "pulling up a seat." It's lightweight. Easy to handle. And even easier to move from space to space. You can turn Scooch around and change postures to find the most comfortable position. Or slide it up against Hedge™ or a wall for a seat with a backrest.

Allsteel®

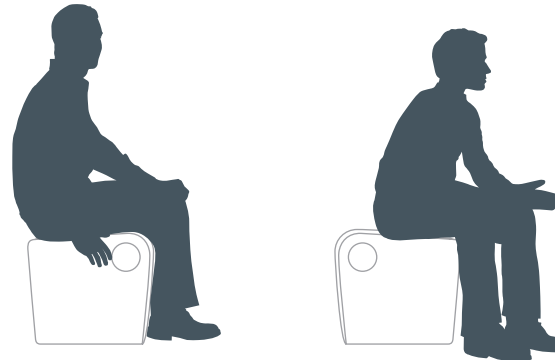

Specify Scooch with multiple upholsteries to liven up the space.

SCOOCH Take a seat wherever meetings take you.

Scooch is small but multi-functional, providing two comfortable positions – either sitting forward and engaging in a conversation or sitting with a more upright posture. It makes any area more productive and more flexible, without taking up valuable floorspace.

Scooch makes it easy to move seating exactly where you need it, quickly and easily. To move from room to room, simply grasp the finger holds and lift. The counterbalanced design tilts Scooch when you lift it, to make it easy to carry from one spot to the next. “Scooch” it under your worksurface and then pull it out for guest seating or impromptu team meetings within your workstation. It’s as spontaneous as you need it to be.

18"H x 19¾"W x 19¾"D

Sprinkle throughout the open plan, dedicated collaboration rooms, small conference/huddle areas, media/library, cafés, and within individual workstations.
